Participating shops will have a unique design on a one page copy for visitors to their shop.

This is the same size as the 2016 "Autumn", 2018 "Winter", and 2019 "Spring" themed projects and give stitchers the option of having similar, seasonal companion pieces.

Below is a blank chart of the size specifications for the design. Designs may be slightly smaller, but please do not exceed the maximum 84w c 56h size.

Please submit your chart to pattytsv@gmail.com by April 1 to be put into a uniform format and readied for a master copy to be sent to the shop. A stitched model does not need to be created unless agreed upon by the designer and shop. The shop is encouraged to feature the designer of their chart during the event with a book signing, trunk show, etc. Sulky of America is a 2020 sponsor and designers are encouraged to use the cotton petites in their design, but not required.
