

The Collective Stitch Cross Stitch Event

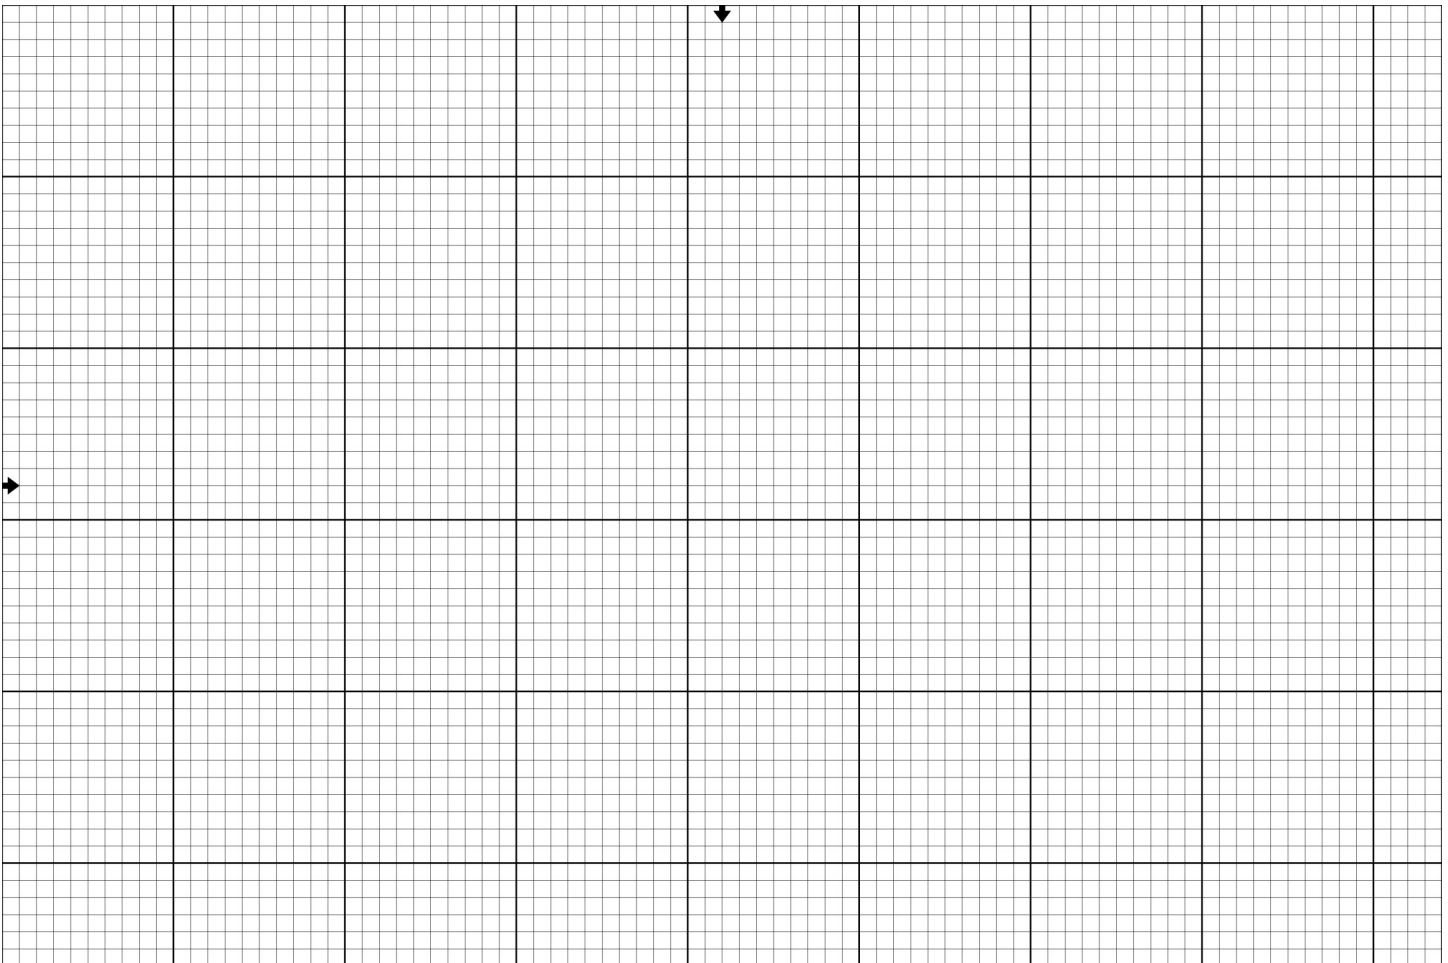

June 1—August 31

go to: collectivestitch.com for a list of participating shops

Participating shops will each have a different design on a one page copy which will be given to visitors to their shop during the event.

2019 will have a theme of “Spring” and a design size of 84 stitches wide by 56 stitches high. This is the same size as the 2016 “Autumn” and 2018 “Winter” themed projects and ideally give stitchers the option of having a similar, seasonal companion piece.

Below is a blank chart of the size specifications for the design
